Anti-Stepbrother

Synopsis

He told me to settle. He asked what was wrong with me. He called me an easy target. That was within minutes when I first met Caden Banks. I labeled him an *sshole, but he was more than that. Arrogant. Smug. Alpha. He was also to-die-for gorgeous, and my stepbrother's™ fraternity brother. Okay, yes I was a little naive, a tad bit socially awkward, and the smallest amount of stalker-ish, but if Caden Banks thought he could tell me what to do, he had another thing coming. I came to college with daydreams about being with my stepbrother, but what if I fell for the anti-stepbrother instead? *Stand-alone novel

Customer Reviews

Anti-Stepbrother is a new standalone by Tijan. It's the perfect story about 'you don't always get what you want, but you may just get what you need.' Summer follows her stepbrother, Kevin, to college with delusions of him falling in love with her. On her first night she meets one of his fraternity brothers, Caden. He's arrogant, gorgeous, sexy, popular and a real a. When she keeps running into him and he's actually helping her and being nice, she's rethinking the a thing. There's something about him, beyond the hotness. He's a nice guy. He's real and he's honest and they actually become friends. Real friends. They hang out, drink, watch movies. Then things heat up. Holding

hands, snuggling on the couch. One of the things Caden loves about Summer is that she's a little crazy. She says the funniest, most random things. She's nothing like any girl he's ever met before. There's something about her that calls to him. She calms him and he likes being with her. A lot. When he needs her, she's there. No questions asked. He realizes he wants more, but can he trust that she's not still hung up on her stepbrother? Summer has feelings for Caden that have nothing to do with her stepbrother. And while people hate her just because he's her family, she has to fight for herself. She used to be quiet and stay in the shadows and now she stands up for herself and goes after what she wants. And she thinks she wants Caden. Will Caden believe her when she says she's over Kevin? Can Summer finally admit what's really going on? I love Caden and Summer. He's smart, sexy and totally digs her and her quirks. Summer is funny, silly and a breath of fresh air! I laughed, cried, swooned, and laughed some more. I also adored the secondary characters. Loyalty, friendship and family are sometimes all we have.

When you saw your stepbrother kissing another girl, and you've been in love with the said stepbrother for years... you run. But make sure to bump into the hottest fraternity guy--Caden. Caden Banks. Beautiful Caden Banks. Summer Stoltz is a college freshman who's been crushing and pining for her stepbrother for years, even before her dad married Kevin's mom. When she entered college, she hoped to finally be together with him. But sometimes some things don't go well as planned. Especially when dear stepbrother ends up being a big jerk and he has a scorching hot fraternity brother who always appears in the right place at the right moment, and saving her butt every single time. So, who is Caden Banks? He's the Anti-Stepbrother. I always love angst books! Books that can make my heart race. Books that can make my heart hurt and flutter at the same time. These feelings I get from a book are one of the nicest and certainly one of the best things I love about reading. This is why I love Tijan's books. Whenever I will dive into her stories, it's like preparing myself for the next trainwreck. The adrenaline is too high, it's almost intoxicating. Along with the college drama, the characters in this book also cope up with past hurts and unresolved family issues that has always been one of the interesting flavors in Tijan's books. At times, it was heartbreaking and sad, but there was never a lack of sexiness throughout the story. Though I expected to be blown away, I wasn't prepared for the different waves of emotions as the characters played around friendship, brotherhood, love and family drama. I also appreciate that this book wasn't an insta-love romance, but a growing friendship with a simmering love underneath.
