ISBN-13: 978-1586637576

Product Dimensions: 12.1 x 6.9 x 1.9 inches

Shipping Weight: 8 ounces

Average Customer Review: 2.9 out of 5 stars [See all reviews](#) (7 customer reviews)

Best Sellers Rank: #3,058,360 in Books (See Top 100 in Books) #37 in [Books > Sports & Outdoors > Individual Sports > Juggling](#)

Customer Reviews

This book was given to me as a birthday gift by my girlfriends aunt. I think we may have got our wires crossed as Aunt Maggie is a little old and doesn't hear to good these days. She phoned to ask me what I wanted and I said that I was researching the history of hunting and would love a book or guide to cudgelling. Obviously this got translated in her ancient mind to a guide to juggling, but such mistakes must be taken as opportunities. The book is a very informative guide and as a complete beginner I found it easy to follow. It doesn't use technical terms which really helped, and the three balls included in the set avoids the embarrassment of having to go into a clown supply store and look a complete juggling newbie as you look for the right kind of balls. Those provided were of good quality and weight, and after just a weeks solid practice I was managing to keep all three going for almost a minute! Practise is important though, and the book emphasises this but still makes it an enjoyable task. It would be very easy to become frustrated as you constantly lose co-ordination but the book is full of positive little mental notes to help focus you and get you right back on track. I'm now getting to the stage where my ability means I can add it as a new party trick when my girlfriend and I have visitors round. Her parole officer was much amused by my under-the-leg manouvere and

it takes some effort to make him smile :-).In short if you want to get into juggling then this is the book to start with. If only all Aunt Maggie's mistakes were as fruitful as this one!

I bought this kit for my husband for Christmas who wanted to learn to juggle. When I first received it I thought this is all I get for 50 bucks but went ahead and wrapped it. My husband was thrilled with it on Christmas and has since been learning to juggle. He likes how it's written and the detailed instructions. So what do I know. If you want to learn to juggle this could be the kit for you.

I ordered a juggling kit, with book and balls and only received a book, not even the same title!! They expected me to send it back and all I wanted was what I ordered. Would never order from that company again! Bookholders

Photograph shows book and juggling balls (a kit). All I received was the book without the juggling balls. Seller graciously returned purchase price.
