District: Surviving the Zombie Apocalypse Edited by Monique Happy Editorial Services 140,000 words

Outbreak - Day 1 Presidents, premiers, entire governments disappeared instantly, like a fragile house of cards in a hurricane. Some hid deep underground or holed up in fortified strongholds, but most were swallowed up by the dead, never to be heard from again.

Cade Graysonâ "husband, father, patriotâ "discovered two undead enemy soldiers on American soil, and soon the official call to duty came directly from the President herself in a transmission beamed by military satellite to Cade's refuge in rural Utah: It was time to take up arms in defense of his country once again.

Valerie Clayâ TM's hard-to-fathom video footage, showing thousands of enemy soldiers establishing beachheads all along the West Coast, made it impossible to resist. He was a former U.S. Army Delta Operator and he had to come to the aid of his dying country. If he and his team failed, it would leave America more vulnerable than ever â " not only to the zombie scourge roaming the countryside, but to her enemies both foreign and domestic.

While Cade is away, the Eden survivors learn a devastating secret: The dead have recovered from the effects of an early season snowstorm. They are everywhere. Worse, someone capable of unspeakable violence has been systematically stripping nearby towns of everything worth taking.

Will Cade and his team survive their mission to halt the enemyâ TM's push inland? Will the Eden survivors find the supplies they need for the upcoming long and brutal winter? And will they survive (are they prepared to survive) an encounter with those responsible for the grisly crimes against humanity? Discover who has what it takes to survive the Zombie Apocalypse ... and who doesnâ TMt.

Another great read by Chesser. Spoiler alert. This one starts with Sid and Nancy who have managed to escape from MOM and her crew. It's an escape that won't end well for either. Cade Greyson is still at the Eden compound and he has a mission from Nash in the works. It's a mission that will reunite him with Lopez, Cross, Griff, Ari Silver, Skipper and Hayes. It's a mission that will take them into DC. A mission that will take he and his men head to head with the Chinese. Brook has survived after using the serum Cade brought. but she's still in a lot of pain. Both Raven and Glenda give her massages to help with the pain but it never goes away. Daymon, Jamie, Lev, Wilson, Taryn and Max are on a mission for supplies. What they find is that everything has been cleaned out by someone. Oliver, Glenda's son is also with them. An Oliver who is a coward and a guy who doesn't want to face the Z's. This is something Daymon will be working on. A way to force Oliver to face his fears without getting any of the others bitten. Places have also been booby trapped. Traps that the ever vigilant Daymon and Lev foil. They also have an idea that they are being watched. The watcher is a member of MOM's crew and she reports what she sees via radio. Daymon makes a trip to a house, a mansion really, a house where he wants he and Heidie to live. He's going there to pick up something for Cade and get back to him before he leaves on his mission. Once at Eden he hands off the bag to Cade and then heads back out to meet with his team. Cade is picked up by a stealth chopper. This one looks like the venerable Chinook and is as quiet as Ari's stealth chopper. This one had a chalk of Rangers on board.
