## Synopsis

**INTRODUCING: 9 Captivating Short Stories to Learn Italian** Are you bored of the traditional methods people tell you to use to learn Italian? Are you bored of all those dusty grammar books that pile up making everything look so hard? What if we told you there's a better, more enjoyable way to learn Italian and grow your vocabulary exponentially? Well, guess what? There is! The best way to learn Italian is by reading short stories. The problem? You might feel like you don't know where to start, or you may feel lost trying to read whatever pops up on the internet. And that's exactly why we created this book. **Short Stories + Foreign Language = Faster Learning** We know how difficult it may seem to learn a foreign language from scratch, let alone trying to put all that learning into practice. But what you might not realize is that it's fairly easy to fully incorporate the essentials of a language once you frame that learning into a certain context (for example, a short story). Short stories allow you to put what you've learned so far into practice, allowing you to expand your vocabulary quickly, make sense of ideas, understand new concepts, and overall get a better grasp of the Italian language. Short stories work because they eliminate the stress of forcing yourself to learn. Instead, when you read the 9 captivating short stories we've prepared for you, you will learn Italian without even realizing you're learning it! Your goal is to simply focus on a single story at a time (they only take a few minutes to read). The stories consist of multiple genres, including adventure, fantasy, mystery, romance, just to name a few. We wanted these stories to be fun, interesting, and appealing, motivating you to keep on reading to find out what happens next. That's the very best way to learn, don't you think? **BONUS: Vocabulary Lists, Multiple Choice Exercises & Summaries of Each Story** In this book you'll find a total of 9 short stories in Italian. Each story is divided into three chapters. You start by reading Chapter one, then you go to the Annex, and you'll find there a quick summary of what you just read, a vocabulary list, and several multiple choice exercises intended to help you forge a deeper understanding of the story as it goes. Once you're done with this section, you move on to Chapter 2, then Chapter 3, and then you move on to the next story. It's so easy and fun you won't believe it. **READ: Italian Short Stories For Beginners - 9 Captivating Short Stories to Learn Italian & Expand Your Vocabulary While Having Fun** "Italian Short Stories For Beginners" contains a multitude of vocabulary lists including words and phrases you can incorporate to grow your Italian vocabulary to unprecedented levels. ## **Customer Reviews**

According to the chapter that discussed how to use this book effectively, the readers should first and foremost enjoy each story and worry not about whether or not he understands a word. He should not stop when he came upon an unfamiliar word but instead carry on reading for the next lines as the meaning might be there. And this is just what I did. And I have to admit that I did have a great time reading these Italian short stories. They were done in a way that will entice readers to go and desire to further learn the language. This book has been on great reading and learning experience that will help anyone learn Italian the most enjoyable way.

Captivating indeed. I find this book a very, well yes, captivating and engaging read. This is especially true since I personally would like to learn Italian. Since it is considered a Romance language, it has been my desire to really learn it. And this book has given me that chance. I think this has been an enjoyable read and something I will always be interested in. The stories were narrated in a way that readers will surely understand them. I really appreciate this book and hope to finally learn this awesome language the soonest.

I always love the Italian language. I find it so sweet and romantic, so once upon a time, I'd like to learn to speak this language. Coming across this book has awoken that desire in me again. I find the stories, and the interpretations after, really interesting and thought provoking. I find myself reading the words and phrases aloud!

This is an excellent resource for anyone interested in coming to grips with Italian in a fun, motivating way. The difficulty for authors is that in simplifying the language, the writing may lose points on literary style. So let's be clear... this book won't be winning any prizes for literature, but it is extremely effective for the purpose it sets out to achieve - stories for Italian learners that will get you reading, that you will be able to understand, and that will help you grow your vocabulary. This is an excellent resource for language learners who want to get started reading Italian (or the other languages it's available in). Olly's method for leading you through these short stories is extremely efficient and effective. It's exactly how I recommend my English students get started reading and the method I've used in my own learning.

This is an interesting way to practice Italian that you've learned but have no one to practice with, or even if you just want to keep up with it in general. There are indeed short stories here, and after each one you get the summary of the story in Italian, the summary in English, a glossary with many of the words that were in the story, and a short quiz about the story with the questions and answers in Italian. It makes a great companion book to Italian language learning ebooks, such as *Italian: Italian For Beginners: A Practical Guide to Learn the Basics of Italian in 10 Days!* by Miguel De Cortes.

The book is awesome. It presented a different way to learn the Italian language. While other books use a "dictionary" method to teach the language, the author was brilliant to use short story method to do this. The translation in English language was superb. While I read the Italian version of the

story, I also refer to the English version. And every time I do so, I am left with an "oohhh" expression upon learning and understanding what was meant by the word or the phrases. I read this book together with my friends and it amazed us all while we are trying to read the stories aloud mimicking the Italian accent. This book is definitely entertaining!

This book shares about Italian Short Stories primarily all about learning Italian and expanding our vocabulary. This is a good guide book to read and it is really helpful especially to those who loves learning language from another country or to those who are planning to visit Italy someday. This book contains nine short stories written in Italian. They are intended for beginners and intermediates (A1-A2 levels), and I must say, they are really, really fun! I believe this is a great way to learn Italian and expand your vocabulary without even noticing you're practicing... Truly solid approach, especially helpful to those who love reading fiction. I personally do, so this was ideal for me! I hope to visit Italy someday soon and use the new vocabulary I just learned. Great read

Italian is a romantic form of communication which is one of the most commonly taught language in the world. It has a distinctive and unique vocabulary as well as its grammatical structure. I have been trying to learn this language from time to time whenever I have spare time. With the help of this book, I was able to familiarize most of the words and its context in a sentence. This is a really fun organization of the book because it contains short stories with highlights of some words that would later be defined per chapter. Furthermore, at the end of each story are multiple choice questions making it challenging.
