An Inconvenient Ward (A Regency Romance): Inconvenient Trilogy -Book 1

Synopsis

Although this book is part of a trilogy, each book is a stand-alone story in its own right.Lord Michael Dunham is bored of Society, bored of fickle women, but above all that, he is afraid. His father suffered from madness and Michael is terrified that he will inherit the same affliction. He scrutinises his every mood swing, his every expression, to see if he can detect any signs that he is developing the symptoms. It blights his life. He has determined that he will never marry, putting a wife through the same that his mother suffered and he certainly will never have children. The disease will die with him.Miss Elizabeth Rufford is a young lady who is more comfortable managing an estate as far away from Society as she can possibly be. She would rather being planting crops, than dancing a Quadrille, rather be building walls, than playing cards. She did not seek a London season when she came out of the schoolroom and would be happy never to visit the capital.A line in a will force the two together. Lord Dunham is Elizabethâ[™]s guardian whether she likes it or not, and she really does not like it! Bounding into his life in the most outrageous way possible, Elizabeth makes an impact she never intended to. Michael is drawn to the feisty woman and suddenly finds that it is hard to fight oneâ[™]s demons when Elizabeth Rufford is a part of your life.

I enjoyed reading this story and thought the primary characters were somewhat interesting. I have a weakness for the Guardian/Ward historical romance novels so decided to purchase this one and become familiar with this writer. In this story, Lord Michael Durham's deceased father had suffered from a case of assumed madness. Of course in those days, little was known about the mind and the causes that led one to have mental issues. Therefore, it was widely held that the offspring of these folks, were also susceptible to what was often termed madness. Although many people in society were aware of Durham's father's issues, he had been dead for some years, so little was made of it. For Michael, he enjoyed his country home, didn't care much for the London Season and had decided he would never marry lest the same issues which befell his father came upon him. Then, the lovely Elizabeth entered into his well ordered and well thought out life. He didn't want this ward foisted upon him but it seemed the guardianship of Elizabeth was part and parcel of everything else he inherited from his uncle including his title. For Elizabeth's part, she was accustomed to running her cousin's estate, had a small dowry and when her cousin's wife pushed her out, the thought foremost in her mind was to persuade her guardian to allow her to spend her dowry on a small estate in the country that she could call her own. Accustomed to wearing breeches and taking care of the land, entering London Society was guite a chore for Elizabeth. From the moment Michael met his ward, hoyden though she was, he was more than interested in her and found it difficult to hold to his earnest intentions to never court a woman with the intention of marriage.
