No Limits (An Ultimate Novel)

Synopsis

A surprise inheritance reunites a mixed martial arts fighter with the woman he's never forgotten in the first in a smoldering new series from New York Times bestselling author Lori Foster. Cannon Colter is quintessential hero material: chiseled jawline, shredded body, the works. He's also the guy who rescued Yvette Sweeny from kidnappers, only to put an end to her romantic dreams. These days, she's older, smarter, determined to face whatever life throws her way. Even the prospect of sharing a house and business with Cannon. Cannon knew Yvette wanted him three years ago. But she was young, and some things are worth waiting for. Thrown together by her grandfather's legacy, he realizes how deep Yvette's scars really go, and how much danger lurks in their quiet town. As pent-up desire explodes between them, protecting her becomes the only fight that matters. And he'll break all the rules to do it.

Customer Reviews

I am so surprised as I read the reviews about this book. Did we read the same book? Seriously? Well - here is my take. There is a reason I haven't gotten the last couple of Lori Foster books - this book reminded me why. The last half a dozen or so of her books - the female lead character has just become dumber and dumber. This one about takes the cake. And our hero? Well he and his good buddy (another future hero in another book to come) are in a scene where Mr. Hero of this book KO's one of the bad guys that is threatening the dumb chick that put herself in danger - even though she is supposedly being stalked - because hey - she needed some fresh air and time to

regroup after believing a bunch of crap told to her by a chick that was after her man (And who does she believe? The man who has consistently shown his honor and intentions toward her.

Uhh...no...she believes the jealous chick. Yeah - that makes sense). But, I digress, so the two hero-guys are in this scene - the good guy #1 has knocked out the bad guy and the other good guy is hanging around to see if everything is cool. So good guy #1 starts making out with the little lady and hero #2 seems to be fascinated with that. Meanwhile, the bad guy comes around and since no one seems to be paying attention to him, takes off and eludes the cops. I have said it before and it bears repeating. If the main characters have to do really bone-headed things to advance a plot - in my opinion - that is lazy writing. As regards the men in this book - I actually like the hero quite a bit. However, hero #2 - Army - talk about a jerk. Can't keep it in his pants - and seems to be obsessed with being as perverse in his pursuits as possible. Don't know if skanky is really a guy word - but it really fits him.

No Limits by Lori Foster No Limits was a NetGalley ARC that got my attention and had me clicking request very quickly. Hell, if nothing else, check out that cover? Yum! It was a good read that I'm glad I chose. I had a few minor complaints, but overall, a decent read, especially if you like Lori Foster's work. Overall Rating: 3.5 stars - Worth a few minutes before bedtime. Most of my complaints about the book can be traced to one big issue: There is a prequel. I did not know that when I selected the book and I definitely didn't know it would affect the enjoyment of reading what is Book #1 in the Ultimate Series. However, there were a lot of references to characters that I got the distinct feeling I was supposed to already know - but just didn't. "Oh." He wanted to have sex with her. "You're coming on to me?" "Seriously? You can't tell? I must be losing my touch." I still haven't read the prequel, so I don't know how much it would have improved things. I hope that it tells some of the history between our main characters. We really start the book knowing that Cannon wants Yvette. We know Yvette has some past trauma. I can live with all of that. The problem really comes that the history between Cannon and Yvette is doled out very haphazardly. The story seems very emotional and intriguing but because we get a little bit here and a little bit there, but never an actual telling of the story, it lacks the emotional impact that I really think it could and should have given. "Forget Mary," he said. "Forget Mindi. I wanted to be here. With you." Now, that being said, Cannon is awesome. He's just my kinda hero. Big, brawny, tough, but nice. MAYBE a little too nice, but I'm not holding that against him.

Lori Foster is my hero again! Spinning off from another series, she has created a world filled with

MMA fighters, love, romance and suspense. I was transfixed, holding onto the edge of my seat, waiting for the hammer blow. Cannon Colter, the Saint, is at the top of his game in the SBC, a MMA fighters dream. He has worked hard for what he has and where he is in this world. Cannon also opened a youth center in his home town, to continue to help his neighborhood by offering a place for the young kids to hang out and train. However, even though he's been around the world, his heart is caught up with the one girl, now woman, that has been on his mind the whole time, Yvette Sweeny. Yvette has tried to run away from her insecurities and dreaded past. A past filled with such horror that she feels like she's broken for all intimate relationships. She has to come back to town when her grandfather dies, leaving her and the one man she will always love, to take care of what is left. Yvette has tried to make herself into a new woman, and by leaving all the terrible stuff in the past, be stronger, more secure. And seeing Cannon again, brings about all the past feeling she has for him. Along with these feelings is also the undeniable love she has for him. Although fate has a plan for Yvette and Cannon which will blow their minds, their struggle and plight to get there is a beautiful story that made me feel good and crazy at the same time. Will Cannon and Yvette put the past behind them and move forward? Can Yvette trust Cannon with her heart? Will Cannon break down the walls Yvette has around her heart? ~TSRBRHeroine Cannon Colter 4.5 stars Heroine Yvette Tipton 4.5 stars Steam Level: 4.5 stars Plot: 4.
