# The Temptress's Handbook: The Real Dirty, Naughty Secrets To Make Your Man FOREVER LUST After You

## Synopsis

A Temptress Knows How to Win Her Man's Devotion - and Keep It FOR LIFE\* \* \* LIMITED TIME OFFER! 50% OFF! (Regular Price \$5.99) \* \* \*Do you want to grab his attention, win his adoration and have him eating from the palm of your hand, now and for the rest of your lives? Passion and lust isn't something that happens to you - it's something you can take complete control of. This book will show you how to unlock the temptress inside you will keep your man coming back for more - and more, and still more. By unlocking your inner temptress, you can kick start a relationship that's rewarding for the both of you. I've Spent My Career Analyzing the Dating Game, and Now I'm Here to Help YOU Find the Temptress Inside of You Hi, I'm Eric. I'm a relationship expert, it's what I do for a living. I've spent my career analyzing relationships to work out what makes people tick and I've helped countless couples ignite their desire. I've worked with so many women who are shy about their sexuality or who have no idea how to express it in a way that both appeals to guys and satisfies their own needs. And what I've found is that every single one of them had a temptress inside them - and that their lovers couldn't resist when they met her. Give Me ONE WEEK and I'll Help You Ignite the Passion in Your Relationship Give me three and I'll show you how to add spice that will keep that desire building to a climax, all by simply accessing the temptress who's already hidden within you. By the time you've put the advice in this guide into practice, you'll wonder how you ever kept her hidden - and you'll never want to again. In this book, we'll cover: Top tips to keep him thinking about you even when you're miles apart Secret ways to spice up your love life and leave both of you breathless with lust The truth about what a man wants from his woman - and how you can use it to your advantage And much, much more... If You Don't Read This Guide, Your Man May NEVER Crave You the Way You Want Him to This method has been proven to work - a hundred times over. I'm going to show you how to access that part of you and bring your inner temptress right to the forefront. I'm going to show you how your love life can be utterly fulfilling for both of you. All it takes is a few easy steps and he'll be purring with passion and sensuality, and all for less than the cost of a margarita. Start Feeling the Passion Together in Less Than a Week... or Your Money Back! If you follow the steps in this guide and the temperature of your love life doesn't turn up to the highest heat, simply click one button within 7 days and will return 100% of your money. That's how confident I am that I have the answer to your problem - I really can help you make your man FOREVER lust after you. Hurry! Scroll up now and click the BUY NOW button to start UNLOCKING YOUR INNER TEMPTRESS, today!

## Customer Reviews

This book is written by a man. I like it that I'm able to get a man's point of view about how to be hot in the bedroom. Much of the time, women ask women about sex and not their husbands. We talk amongst ourselves about something we're not the experts on. So it makes sense to me that getting this info from a man is a great idea! I didn't know how to bring out my inner temptress, really. This book gave great information on how to do that and then what to do after that. The book has real advice and not just some vague concepts. It's so easy to lose sight of what's important in your sex life when you've been married for a long time. This book is a wonderful resource to help you get back in touch and get back to that giddy place in your relationship.

At first blush...and it is possible that some will blush on opening this delightful book...this is a book for women who want to become more desirable for their man. Sound a bit sexist? It's not. In truth, 'The Temptress' Handbook' is a book for couples who seek to enhance the enjoyment of one of the most basic of human pleasures and experiences...our sexuality. It is a forthright discussion of what pleases men sexually, and as a man, I can completely relate and agree with the author's insights. Well-written with many "how to's", the book is an avenue to open the discussion about what men

like and don't like in the bedroom and how to keep the excitement in a relationship. There are a number of books about women's sexuality, what they need and don't need from men. This book brings a refreshing perspective and openness about a subject that, frankly, men may find difficult to discuss. Remember, we are supposed to 'want it all the time'. In truth, as the author points out, men have triggers just like women, even if they are not quite as in touch with themselves as women are. Well done and highly recommended.

I actually bought this book by accident, but decided to read it anyway. It's written by a man, Eric Monroe, but it's about how a woman, a temptress, can generate some romance between herself and her lover, to kindle excitement to explore each other's bodies and find out what makes each other moan in desire. Eric mentions that her secret to keeping your man coming back for more is to make sure he never quite knows what to expect. This is a well done book that men will like as well as women. Good job.

Ok, so all I will say is that if you pick up ONE tip from this book that spices up your love life, it will be well worth the price of admission! As a guy, I found that this book offers a TON of sexy ideas for picking up any stuttering relationship. Even if you are too shy to actually gift the book to your partner, you can pick up some good suggestions from the book and introduce them into your bedroom. I especially liked the idea of using a phone or camera as a mirror as a turn-on, even if you don't actually record yourselves in the act. As an aside, I think most of these tips could also apply to gay couples too, though some of the "tips and tricks" are rather phallically-focused.

The Author, Eric Monroe, spent his career helping couples with their relationship issues. I could really feel, while reading this book, how his life experience led to writing this amazing book. I learned a lot from reading it. The tips given are priceless. Among other things, Eric talks about secret ways to spice up your love life. And who doesn't need that?? I think every couple needs at least to be aware of the options they have, to improve their lives. [This is a must read book! Both for woman and man. Very well written, very educational and very recommended!]

If you're looking for a no holds barred how to manual to spark up your love life, this is it. I could definitely recommend this to any woman who wants to know what her man is thinking and how he wants it. Written in plain English without all the psycho-babble you might expect to hear from a relationship counselor. Just a nice little bag of tricks to tuck in your back pocket.

This is a good guide to the modern dating styles. This will help a woman how to become the woman that any man would like to date and want to have in their lives. The content will teach you how to change the rules and change the way of your thinking.

The subject discussed in this book is interesting; it goes deep into what it is to always feel like a relationship new. I was pleased to discover this book and learn what it teaches because the sparks in my relationships die out very fast. I hope that with this new discovery I will be able to be on top of it all. I like that the writer tells you about the various aspects of seduction so that you are not left wondering and have to read another book; this one has it all. This book is really easy to read and understand, all thatâ™s left is the action.
