It's an impressive and useful book! Very well written. I have used couple of techniques from this book and have seen improvement in productivity. All I need to do is follow this techniques regularly. It's really worth recommending to others!

Must have book for me. Lately been busy in some stuffs and I got lots of works left I cant managed to set in time. I learned from this book how to be more organized and wasting my time wisely. And of course in reminding me in some commitments to come in, must be done fist. It somehow opened my mind in prioritizing important stuffs but not that urgent. It could surely help me in spending time efficiently in my daily routine.

Very informing! I've read several books on time management and I like how this book shows you good techniques on how not to mismanage your time and get more done in less time without stressing yourself out. It teaches you how to work smart and how to use your time more optimally without driving yourself nuts with stress with your day to day tasks. So much worth recommending!

This book is incredible. I have been looking for help in time management help and have tried a couple of different kindle books but this one is head and shoulders above the rest. It can be really difficult trying to get everything done when I get home from work as a single dad but some of the tactics taught in this book have been amazing for me. I highly recommend.

Very impressive book! This is a fantastic book on productivity. It's a quick, engaging read packed full of instantly applicable and effective tips. Begin your time management practice this instant by snapping up a copy and carving out a few minutes a day over the next week to read this gem. It's the best thing you'll do all week! Thank you author! This is truly worth recommending!

I always believe that one of the most precious thing in the world is time, because once it is gone, or wasted, you can never get it back again. And so I always respect other people's time but as I assess myself, I am not that respectful to myself ion terms of time management. I usually have few sleep and my schedules overlap. Glad to have purchased this book, I have learned a lot of tips to manage my time. Great tips and advises.

This book is one of the most comprehensive guide on how to manage the timing and get the things

done in on time. We know time is too precious and we can not get it back , If we waste it . I am a person who struggles too much to manage time , I am always busy with my job and can't rally find some free times ,really feel frustration in that situations . My friend suggested this book to me . After reading this one ,I got much more confidants and got ideas about how to manage time .According to this book , The important in managing time are organizing , planning and prioritize the work . I strongly suggest this book to busy personalities whom wishes to manage his/her times .

Procrastinating is something that I find myself doing on a regular basis and I needed to try and organize my time in a better way to be able to complete tasks effectively. There are some good tips and strategies within this book that will help you to be able to organize yourself more efficiently and have better time management skills. One of the things I find myself doing a lot of the time is trying to multitask but as this book explains this is not a good way to try and get more done. It's a good book and one I would recommend it has given me a lot of ideas of how I can change my life.
