He wants to start over fresh in the small town of Logan Meadows, where his blind daughter can grow up safe and where danger can't find him. Feisty and independent, Nell Page is determined to protect the Cotton Ranch, despite threats from the bank and the mysterious stranger lurking on the ranch's borders. In spite of her better judgment, Nell instantly feels drawn to handsome, dependable Charlie. The more they ride together through the beautiful Wyoming mountains and plains, the more their feelings grow into a love that could be strong enough to last forever. But will Charlie's past catch up with him and dash their hopes for a future together?

Customer Reviews

Each of the books in this series has been well written and, although using the same people in the town and the surrounding ranches, each is different. First I like the fact that the stories are in the

Equality State. Second I like the strong ladies who are the heroines. Yes, they are Romances, but they have substance and a plot. This book had several twists and turns that I didn't expect especially the last one. I liked the characters very much, and enjoyed the references to the people I had met and admired in the previous books. That said, you can read and enjoy this book as a stand alone book without having read the others or without reading the others after ward. I think you will like Nell. I would like to go visit her with a house warming gift. She would make a great neighbor .Enjoy!

When widower Charlie Rose shows up looking for work at the struggling Cotton Ranch, no one knows he's secretly trying to outrun trouble and he intends to keep it that way. He wants to start over fresh in the small town of Logan Meadows, where his blind daughter, Maddie, can grow up safe and where danger can't find him. Widowed at a very young age, Nell Page is trying, along with her brother Seth, to save the ranch from the clutches of the bank. She hires Charlie to help them with chores that are quickly piling up. She finds herself having feelings for this handsome cowboy that she never expected to feel again. Would it be possible to start over again? Charlie has secrets from the past that still haunt him. Will his past undermine their future? This book grabs you quickly, and doesn't want to let go. The intrigue of Charlie's past keeps you guessing, and as does the developing feelings between Charlie and Nell. The secondary characters round out the book and keep things interesting. I was especially drawn to Seth, Nell's brother. Caroline Fyffe is a new author for me, but not for long. I really like her writing style and ability to hold the reader's attention. This story was wonderfully written and captivated me from the first page to the last. I appreciate how she shows the reader how important a family's love is. There were parts in this book that really tug at your heart. A compelling story. *An advance reading copy was generously provided by the publisher and NetGalley in exchange for an honest review.

I am amazed. This book is so well written. I feel like these characters are old friends after reading the series. The way the characters are interwoven in each book is amazing. Just like a town full of families - Great Job Caroline. Great Read.

Tristin changed his name to Charlie Rose so Galante couldn't find him or his daughter, Maddie, and kill one of them because he had shot his son, but the trail rendered him innocent. Galante didn't care. He was going to get him. Tristin came to Logan Meadows where he was to pick up his daughter who was blind. He met Nell, and hired onto her horse ranch. She had the ability to understand horses. Someone else wanted her ranch, but his situation that lurked in the background

kept him quiet for some time. If he lost Maddie, he wouldn't survive. This sweet story is definitely worth a place on the shelf.

Well, Ms. Fyffe, you've done it again. You have a hit on your hands. I started reading and kept on going with all the twists, turns, new characters and old friends. It does help to read Books 1 and 2 so you don't miss even the smallest event. The little blind girl, Maddie, added so much charm to the story. I had to smile several times while reading because the children were all so sweet and helpful to include Maddie in everything. Charlie and Nell brought the spitfire and romance to another great Historical Western. The details included in the training of wild horses made me aware of lots of research in writing this book. Thanks for another great book.

I have read all of Carolines books and loved them! This book was by far the best I've ever read, I crawled inside and didn't leave until it was finished. Loved all the characters and can't wait for the next book in this series. Thank you Caroline for all the hours of enjoyment you give us. Loved Loved Loved this book!!!

I just have to say that I love Caroline Fyffe! Every book I have ever read of hers draws me in and this one is no exception. I was on the edge of my seat the entire time I was reading this!! I was very intrigued from the very beginning. Wondering what secrets "Charlie" is hiding and what trouble is following him. Being widowed at a very young age, Nell is content to work her ranch with her brother. Dressing as a man does and working the ranch have never bothered her before. But when Charlie shows up, feelings resurface that she thought she would never have again. She longs for love and a family, but will her insecurities get the best of her? Charlie shows up at Cotton Ranch for a job and to reclaim his life once again. Trying to outrun trouble, he lands a job on the ranch. But he is keeping secrets. The less anyone knows the better. He is drawn to Nell's understated beauty and her natural intuitiveness with the animals. Does she really know what they are thinking and feeling? When she tells him about the stranger she has seen twice, all he can think is to protect her from his past. Can Nell get past her insecurity and tell Charlie what she feels? Can Charlie finally listen to his heart and not his head and reclaim his life and love? Love, love , love this book and can't wait for more in the series!!
