## Customer Reviews

*Fat/Trax:Colorado Springs* is a must if you like to mountain bike and enjoy great views. Whether you are a resident or visitor to the area, this book provides everything you'll need to know about riding the trails in the region except for the current weather conditions...also a must. From novice to expert, there is something to be found for all skill levels in the trails listed in *Fat/Trax*. Trails defined in this book range from the "just on a whim-'cause the weathers so nice" 45 min. ride to the "better pack some food, water, and a bed-roll" overnighter. Sized for the trail, easy to follow, and priced right, this one inspires all skill levels to saddle-up and "crank" out a most enjoyable ride.

Not sure who does the rating system on this book, but some trails they list as harder I think are easy, and some easy trails I found to be a lot harder.
