This is worth much more than 5 Stars!!!! I could not believe this collection would ever exist. Five fabulous knights with their epic tales. These are full length stories. This is the De Russe Collection. Get this while you can. I bought these at regular price...this is an exceptional way to get Le Veque's famous knights and their stories. I had to purchase the collection too. If you have not read Kathryn Le Veque's Medieval masterpieces, and you love Medieval Romance, please pick this up. You will love them...I dare you to not fall for one of these five knights...I know you will! ^%o

I love all books by Kathryn Le Veque and this series of the de Russe Family is just another one of those highly recommended and thoroughly enjoyable books to read and cannot put down until it is read from cover to cover.

This book collection introduced me to two books I had not read yet (Lord of War: Black Angel and Beast), and as per usual...I LOVED them both. I know when I pick up one of LeVeque's books..I'm going to love it. She also included one my all time favs (The Dark One) and right now I am reading it for the 3rd time in a year and a half. What Remy, her sisters and probably a lot of women of that time period went through...was very eye opening. Women were mostly nothing more than possessions to be used at the whim of husbands or family members. However...the romance between the main couples was epic...sweet...and sensual. Check these books out...IMHO you will not regret it

This collection of stories was the best that I have read ever. Each story held my interest until the end. This will be a solid recommendation to family and friends who enjoy good story lines, vivid descriptions of life in the Middle Ages and the people who lived a very difficult life.

Love this author, stories are spellbinding, couldn't put each down until it was finished and excited to start next one. Le Veque places you there within the settings and with the characters, love this series!!

Amazing!!! Love this lady!! Right now I am trying to read all her books so when she does this and puts a bunch in a bundle this helps me out!! I love the de Russe family!! I want to know more on the Matthew wellbourns brothers though :(please Ms Le Veque!?!?! All her books are amazing in my opinion. Some are better than others, but I still would give everyone of them 5 stars!!!

I loved this collection! It has given me so many emotions, the characters pull you in. It had everything from excitement, sadness, suspense, mystery, romance, love and terror and I'm sure I left much out. I've cried and laughed so much while I've read this book I feel as if I've been right there. All I can say is you're crazy if you don't read this collection! I hope I can find more by this author, she is one of the best writers of our time!! Thank you

Well developed characters with fierce, noble knights and fiesty females. The plots are well written, and hold the reader's interest from start to finish. The intimate scenes are likewise well developed and written. The reader gets a clear picture of life during this time period...not everything is love and courtly knights-these are warriors.
