Customer Reviews

I started reading the series and didn't know how I would like it but so far I love it. The biggest

problem is that I'm not getting a whole story, just small piece parts of the story. Most likely I'll wait until the last book is written before I read any more because at this point I'm more frustrated waiting on the end than I'm entertained. Telling the story from the perspective of someone who can only hear and smell has got to be hard. The author has pulled it off amazingly well.

I don't write reviews nearly as often as I use to but I had to write one for this the latest installment in the highly imaginative Coma Girl Series. This was another captivating installment and I already can hardly wait for the next installment. The storyline continued to cause a wide range of emotional and cerebral responses. I laughed, I cried, I was outraged, I was heartbroken, etc, it was marvelous. I just hate having to wait a month for each installment. LOL I really loathe Marigold's mother and sister but feel kind of sorrow for her spineless father. The side stories are also quite intriguing. I really like Aunt Winnie, Dr. Jarvis, Alex and detective Terry. I like Robertha okay but I wish that she wasn't such a glutton. It's like an ongoing fat joke that just isn't funny. If you're worried about this story being depressing it's not. It will make you reflect upon what we often take for granted and what's really important in life but it's definitely not boring or depressing. The writing is good, the plot is compelling, and the characters are developed and interesting. I highly recommend this Series.

I started reading Coma Girl 3 this morning and planned on taking my time to savor it. To my surprise and disappointment it ended too soon just as.... so bad to have to wait. I am not good at waiting. Well, if you haven't started reading it yet, please join me it is very good (except for the delays in publication) and I will just have to wait.. ^_ ^ ^^

I'm not a series person; it's just frustrating waiting for the next segment. However, I have to admit that once I read Coma Girl, Part 1, I was hooked and immediately purchased Part 2. This morning, as soon as I got up and came to the den, I purchased Part 3 and have finished the book already. It's gonna be a long month waiting for the next segment on October 1st. Ugh!

I wasn't going to read Coma Girl at first just couldn't figure out how a writer could make enough action to keep me interested. Boy was I wrong. I have read each book straight through and have enjoyed every single paragraph. I just got the Book 4 delivered to my kindle today. And I'm already done and anxious for Book 5. I've already preordered it also. Now it's just the Darn WAIT I hate! LOL...

I am absolutely in love with the coma girl series. When I read it I am transported into the book and feel like I myself am coma girl. My only complaint about this book is that I thought it was supposed to be the last in the series. I waited on pins and needles for almost a month waiting for the final installment and was so excited to start reading when it came. The story was just as good as the first 2 but was much too short. I read the entire thing in less than 2 hours only to find out there's yet another one coming out that we now have to wait for. I honestly think this series seems like one book that the author decided to chop up into many short stories. While I don't know the motive behind it, it seems as if it was possibly done to milk it to get as much money as possible. The books even flow from the end of one right into the next like someone closed their eyes and picked a spot to break the book apart. This is why I gave it 4 stars. Besides that I truly am hooked and now can't wait for book 4!

This has to be one of the best story lines... I can't put this book down and look forward to each new one that comes out... You never know what is going to come next.... Love Love Love books like these...

Coma Girl 3 by Stephanie Bond is presented as daily thoughts dated September first to September thirtieth. The September first segment will startle the reader as it sets forth the remarkable background information that Marigold Kemp (Coma Girl) is pregnant but the pregnancy was not detected when she was admitted to the hospital fourteen weeks earlier. Although in a coma, she is mentally awake and aware of everything going on around her as she listens to the conversations of her visitors. And she is the only one who knows the identity of the baby's father. The father is most likely unaware of Marigold's pregnancy. This is a Kindle Single which means it is short. At 124 pages divided into 30 chapters (30 days of September) it is a quick read with an intriguing central idea. Marigold's visitors arrive in pairs or small groups. They talk in front of her, not believing she can understand. They tell secrets. Visitors who arrive alone disclose their innermost secret desires and fears. Marigold is in a position of knowing all but unable to tell anyone. Her biggest frustrations are when they talk about her and her future. Should the pregnancy be terminated? Who will take care of the baby if Marigold should die? Who is going to pay for all the medical care? This is planned to be a six-part story. Coma Girl 4 is due out in October. I am going back to read parts one and two. Reading something this good more than justifies a Kindle Unlimited subscription.
