Q - What was the Rank on the date this review was published? A - "404."

Q - How was this book obtained? A - "Bought using my Kindle Unlimited account."

Q - Is this a book that I can read without having to read others first? A - "Yes, but I do recommend reading the first four books to understand the world setting better."

Q - If this is a recurring character or a series, does it have a cliffhanger ending? A - "No, but there definitely is an opening left for book six."

Q - Are there a lot of typos/misspellings, grammatical errors or other editing failures? A - "No."

Q - Is this a fast, easy read or is it more of a leisure read? A - "This is a fast-paced leisure read."

Q - What sort of language does this writer use to amplify the points made? A - "Adult English. Although the profanities are rare, there are all sorts of foul words used, including a couple of f-bombs. It might be a good idea for the author to remove the few cuss words that are in the book, then market the revision as the General Audience version and note that this, the original version, is targeted to adults."
