Customer Reviews

This writer is outstanding in all her works. Her research is thorough and the application is excellent. I love all the books I have so far purchased and re-read them over and over as they have so much that is intriguing that comes to light after a second + reading. Her characters are really complex and remind me of Georgette Heyer who is known for her strong ability to make characters come to life. I have come to see the progress humanity has made over the centuries and how different our lives are now....especially for women, but also affecting the men and our relationships. Thank you Cynthia

I am waiting for the next 2 Thornton brothers books.

I received an ARC for this book from this Author, Cynthia Luhrs in return for a honest review. Another such amazing and ever so exciting second book to this most enjoyable series, Thornton Brothers Time Travel 2. I just couldn't wait to read this after I so thoroughly enjoyed the first book, Darkest Knight. Now that Elizabeth Smith has been arrested once again for her fifth time in a row with her friend Sunshine, the hippy. They'd both come to Kentucky as protestors wanting to stop coal mining in this town and to save their clean water sources. When Elizabeth received help from another lady. After she was touching her hair and to give her a small tin. Then feeding them the candy in it, and then harshly snatching her hand, while rubbing her fingers and telling her of her destiny. It is when this this lady fall fast asleep. When will poor lady ever wake up? I thoroughly enjoyed this most amazing romantic adventure series with great characters, and such the most wonderful storyline ever. I couldn't put it down, not even once. Just so moving tale, never once wanted it to end! I loved it! * I recommend this book to everyone!!

Given to me for an honest review. I love time travel books. It's always interesting to see how the author sets the scene for the actual time travel. Will the traveler have a way to return to his/her time? How does the traveler accept being in a different time and sometimes a different country? The one thing that is constant is love. Elizabeth is a protester for clean water. She has been in jail enough times that her employer fires her. She finds a Renaissance faire magazine with a contest that the winner will live a week in Highworth Castle, England. She wins, already has a passport (thanks to her traveling parents) and no job. She can't wait to see the castle in person. She is in her bedroom, but there is something about it. She knows she will not be able to sleep in this bedroom. Although she has been told not to wander around and to not enter just any room, she finds a bedroom that is more welcoming. When she wakes, there is a naked man in the bed with her. Can't wait to read her other time travel books.

'Forever Knight' pulled me in from the first page. I knew I would love the story after reading book one, 'Darkest Knight'. I had a hard time putting this book down. I had to find out what happened next. The way the storyline played out was full of adventure. I love Elizabeth's outlook on life. She definitely has a temper and she is the most caring woman I've met. I want my own knight, but then again, I'd probably end up with an ass. Robert had a few things to learn when it came to his choices and how he needed to adapt his way of thinking. I love how the 'Thornton Brothers Time Travel

Series' is set in medieval times. The way I was brought into the scenery and times of brandishing swords, wenches, servants that truly rocked was awesome. I can't wait to read more. A great add to your tbr list. Highly recommended.

Five stars she is a good time travel author. Her books may not be sensual but it is romantic. A lot of Action and it ties to the other books in the series.

Another great read and can't wait for the next in the series. Have loved all of this series along with the sister series.
