Customer Reviews

For those who know and enjoy watching or playing cricket a very funny read. Coleman has a very imaginative mind and makes one laugh out loud a lot. Definitely recommended for a relaxing and entertaining read,

I love the way Vernon Coleman writes. His stories are funny and so realistic. Being a great cricket fan I could so relate to this story and I laughed the whole way through the book. Excellent. I read a lot of his books and enjoy them all. Easy reading and so relaxing - can never put the book down once I start.

Another flight of whimsy from Vernon Coleman! Anybody who loves England and cricket, even from the sidelines, will find it well worth reading.

Vernon Coleman's various fiction and essays are a joy to read, and this is another one. One does not even need to know how to play cricket to enjoy it. The plot is in the personalities, and we all know about those.
