Soul Vows: Gathering The Presence Of The Divine In You, Through You, And As You

Synopsis

If you long to know your soul's purpose, *Soul Vows* is an ideal place to begin. Your soul vows describe how you choose to walk this earth, in every moment of every day. They are how you receive and spread grace. As you live your soul vows, you become a fertile container in which your purpose can take root and prosper. With her characteristic blend of personal story, love of paradox, expansive inquiry into the heart of diverse spiritual traditions, and confidence in the power of deep soul writing to elicit personal divine guidance, Janet Conner leads us through a groundbreaking application of the ancient chakra system to discover our own unique soul vows. Your soul vows are your personal path to the peak experiences seekers want most: authenticity, integrity, wholeness, and the vibrant presence of the Divine. Your soul vows are custom designed; no two paths look the same. Soul vows are a living construct of a whole and holy divine in you that build collectively into the expression of the divine in us, through us, and as us. Surely this is how we create the kingdom of heaven on earth.

Soul Vows is a beautiful gem of a book that sincerely questions and guides us on how to live our life on our own terms "not the morals and the ethics or the rules imposed on us, but the sacred principles that sprout from us, that come from our divine being. I absolutely love Janet Conner's books and have read them all. *Soul Vows* is her latest, an exploration through the ancient chakra system to arrive at a set of personal principles of the soul that she calls "soul vows." • What vows can be more important than the ones that we make to ourselves? Conner has been on a quest

to discover the workings of the soul and the true self since she penned her first book *Writing Down Your Soul*, by far the best book on soul writing that I have ever read. I find this book even challenges Ralph Waldo Emerson's classic quintessential essay on the soul, *The Over-Soul*, in its insights and understanding of what we believe the soul to be. Her follow up to that, *The Lotus and the Lily*, which incorporates the teachings of Buddha and Jesus for a 30-Day Soul Program, is equally eye opening and transformative. Now, she has arrived at the next step in her exploration of the soul: discovering the personal principles that can help pave and support one's soul-driven path. She focuses on the seven chakras, the energy centers of the body, and makes explorations with each chakra. She then confronts paradoxes that lead to discoveries. Each discovery helps the reader get closer to his or her own soul vows, striving towards divine unity. Conner seamlessly weaves in mystical poetry and spiritual insights from other writers to bolster her prose.
