Born Into The Children Of God: My Life In A Religious Sex Cult And My Struggle For Survival On The Outside

Synopsis

Natacha Tormey was born into the infamous religious cult known as The Children of God. Abused, exploited, and brainwashed by "The Family"™, Natacha's childhood was stolen. Born to French hippy parents attracted to the religious movement by the unusual mix of evangelical Christianity, free love and rejection of the mainstream, from an early age Natacha was brainwashed to believe she had a special destiny " that she was part of an elite children's army bestowed with superpowers that would one day save the world from the Anti-Christ. Torn away from their parents, Natacha and her siblings were beaten on a daily basis and forced to sing and dance for entertainment in prisons and malls. Natacha never expected to live to adulthood. At the age of 18 Natacha escaped, but quickly found herself hurtling through a world she had no understanding of. Alone, and grappling to come to terms with an unbelievable sense of betrayal, she was stuck in a kind of limbo " confused and unable to feel part of either way of life. Natacha is one of the lucky ones; not all of her family survived the battle to shed the shame and pain of their past. To date over 40 ex-Children of God members of Natacha's generation have committed suicide. All Natacha ever wanted was to feel normal, but escaping the cult was only the beginning. Shocking, moving, but ultimately inspiring, this is Natacha's full story; it is both a personal tale of trauma and recovery, and an exposé of the secret world of abuse hidden behind commune walls.

Customer Reviews

As I read this book, I became more and more enraged. Natacha Tormey was not a naïve person who joined this pernicious cult, as were her parents. She was born into it. She had no choice in the matter. She relates how the so-called Children of God, nowadays sanitized (following scandal) and renamed The Family International, routinely separated children from their parents, abused them physically, cut them off from the outside world and filled their impressionable heads with dangerous and frightening nonsense. People outside the cult were Antichrists; Armageddon was near; members would be required to fight a tremendous battle in the End Times and would then go to a glorious heaven. Members of the cult were obliged to live in penury and to collect money, nearly all of which went straight to the man at the top, the nebulous Grandpa or King David, while children survived in hunger and poverty and without proper medical care in military-style closed communities. Moreover, the cult practised nothing short of prostitution, so-called "flirty fishing", whereby women would extract money from unsuspecting men, lure them into the cult and produce still more babies to swell their numbers. We learn how couples engaged in sex in the presence of children and children were sexually abused by adults. Tormey describes the psychological damage that these appalling practices did to her, and also to her siblings. Her extraordinarily irresponsible parents had twelve children (if I have not miscounted), not all of whom survived and not all of whom escaped. And all this was done in God's name. Tormey has forgiven her parents. She is a brave woman. What can have possessed them to join such a sect, or, having joined, to remain in it? And how is it that cults like this can grow and take root internationally?

Born into the Children of God by Natacha Tormey is a highly recommended account of growing up in a cult and, even more importantly, surviving her childhood. While her parents were young hippies when they joined the cult in France, Natacha Tormey's misfortune was that she had no choice or say. She was born into the Children of God cult, also known as The Family. During her childhood, she lived in a variety of communes across South East Asia, East Africa and Europe. All of the situations she found herself in and the abuse she experienced were inflicted upon her in the name of the cult. Her childhood was stolen from her. The beliefs espoused by The Family and their leader known as King David or Grandpa are nonsensical and downright horrific. The women in the cult were told they had to go out and practice "flirty fishing" (or FFing), where female followers were told to go

to bars and pick men up for sex with the intent of either converting them to the cause or bringing in a financial donation. FFâ™ers were told they were â^Godâ™s whoresâ™. Posters with instructions on how to be a â^good flirty little fishyâ™ were distributed." If that isn't misogynistic enough, Tormey continues later, "Grandpa also decreed that more Jesus babies should be born, and this is why he invented flirty fishing â “ so that God could bless us all with lots of babies. She said that within our family there were at least 300 other Jesus babies who had come to us through FFâ™ing."We learn that "Grandpa David tells us there is no such thing as rape if we follow the true laws of nature. A woman of the Bible should submit willingly to a man and satisfy him. God created sex and he created a manâ™s need for sex. He created woman to serve a manâ™s need.
