Customer Reviews

This 8 1/2" x 11" weatherproof heavy duty plastic card is a perfect quick reference for any boater. The inland and international rules (COLREGS) including right-of way, lights, and sound signals, and the U.S. Buoyage system are all included in a concise, accurate and graphically pleasing format which is easy to understand and use. It is the better COLREGS book which I have seen ever!

Concise information, sometimes too concise, but gives the basics on front and back of one sheet. I have put it into my sailing bag, have taken it out twice, and already the clear cover is trying to separate at the corner. Needs to be built a little more durable than it is

I have to teach my students rules of the road often. This is the real facts, perfect all on one template to quiz them and show examples with.

This item is outstanding. It provides a wealth of data for the boater. Very useful in areas of high boat traffic.

Just what I was looking for and was delivered in a timely fashion. Thanks
