A Fang In The Sass: BBW Paranormal Shape Shifter Romance (Sassy Ever After Book 6)

Synopsis

Aria Valderi is a day walker, a vampire that can walk in the sun. Being a descendant of the original queen of the vampires has its perks, but finding out her mate is a wolf shifter isn't one of them. He's insufferable, bossy, and too damn sexy for his own good. Trevan Stone knows Aria is his.

Unfortunately, his tough little vamp has been wreaking all kinds of havoc and now too many people want her dead. It's going to take more than Trevan can do as a shifter to protect his woman. Trevan has a secret. One that could put an end to their future together, but it's not nearly as big as the one her people have, which could end the future of the entire clan. If he can save her from the vampire council that wants her destroyed, there might be a chance for them to work through their issues. But saving her means giving up the reason for his existence, the drive that has pushed him for the last eighty years. Reader Note: If you like violence, off the charts hot sex, humor and roaring fights this is the book for you. This book is all about a sassy plus-sized vampire who knows what she wants and a hot, smooth talking alpha wolf who can't fight his need for her. There is massive use of dirty words, so if you're a prude this is not the book for you. If you like sarcasm and hot sex with no filter, this is just your thing. Enjoy!

Customer Reviews

Aria is ancient as she is beauty and beloved by her coven. Although her nemesis are seeking her destruction. She is also experiencing some baby fever, seeing her friends makes her long for it. Her first choice is her bloodmate Trevan. Trevan Stone- equally handsome in his own right, he has scented his mate. Aside from that was his need for vengeance, on the perpetrators who killed his pack. The only caveat... his mate is also the enemy. When they are together they burn the brightest... the passion and lust it's all consuming. Together they are formidable, but when they are threatened..they are fiercely protective of each other. Lies are revealed and secrets long buried come to the surface. This is not your typical paranormal/supernatural romance. This is Milly Taiden at her best..raw and uninhibited. The excitement revolving around this new world is just the beginning!! If you loved the family..love, drama and adventure hold on to your hat your in for the ride of your life!! A Sassy World. Milly Taiden is an author who mesmerizes, tantalizes and creates new and extraordinary characters and opens new worlds to us the reader. Is there anything she can do....

Our two mates were born for each other but they're from different races. Aria needs to finish the clean up she started but she has a snake in her midst. Trevor just wants her safe and does what is needed to keep her that way. With help from friends and family these two set things right. Great story, hope there are more.

This is actually the first in the Sassy Mates series that I've read. I would recommend starting from the beginning, there were a few things I had to catch up on that I assume happened in previous books (I bet they're fantastic). That being said, this was still an amazing romance story that was exciting and hard to put down. Aria and Trevan have met in a previous story, but they are both experiencing some denial when it comes to their attraction to each other. Partly because they are different species and neither one of them seem to really like the other. But fate has other ideas, because their worlds are about to collide in a spectacular way. And even their past seems to be drawing them together in a strange twisted way. Aria is wrapped in defending herself to the vampire council for killing a human blood slave trader. But treachery from within her clan has the council believing it to be murder. As she tries to put together the proof to show her actions justified, the whole thing keeps getting bigger and bigger. The trade is larger than she ever knew. There's a few epic fight scenes - which are hard to find in a romance - and they are done just right. Aria is a strong woman, but also realizes that it's OK to rely on friends and allies to help her out, that she can't do it all by herself. This was a very beautiful love story with forgiveness, trust, and respect becoming the backbone of their future.

Yerevan couldn't understand why his mate turned out to be a freak in hot as sin vampire. The ones who killed his family. Aria couldn't understand her pull to a wolf. But the more they fought it the more they were convinced it was meant to be. After killing Anton, Chantal, and finally Filip she knew she had saved her clan. But no. Damon from the south pack was in it with Filip and the gang. The one rule her grandfather had was to not drink human blood. It made you range after and your skin wouldn't become leathery about since aria was blood born she was a true day walker. She followed those rules to protect her clan. All it took was a few corrupt to make a mess. Aria new buff Emma a wolf mate and turned s showed her how to work together as a team during their few battles.

Relevant and aria finally mated and he became this humugus piece of meet.during this last battle all things came out mat ed is a vampire and her was a wolf. They truly loved each other and add two vampires and one wolf. After her mate was killed she sent her to a family who could take care of her and the granddaughter who was in turn trevan parents the vampires killed the aria parents and set it improbable the wolf's to tear up the werewolves themselves she just new she as dead when. Jun was showing her . The high council's believed him until her cousin Chantal came and save the day. They got all the promo together to clear everything up. So we thin.

This series is fantastic! Thank you Milly Taiden for continuing it! This book was wonderful I didn't put it down, you can't it's that addictive! This book is hot, sexy and it has your heart pumping in a great way! I recommend this book to everyone you will love it!

After taking care of Filip and his followers she's trying to ensure the rest of the South clan is clean and living by the rules set by her grandfather. But her only problem isn't just the clan problems, there's someone trying to finish the job of ending the Valderi line once and for all, and a mate that she has left unclaimed.***"If you tell anyone, I'll make sure you remain soft for a long time before I make you hard again."**Trevan has spent the last 80 years bent on revenge against the vampires who killed his pack. I don't want to breathe in your-...Desire for her, passion to strip her naked and play hide the cannoli?"**I absolutely love Aria and Trevan!
