Benzen: A Sci-Fi Alien Romance (Warriors Of Orba Book 1)

Synopsis

Only one person can protect her, and that's ME. After escaping their home, six aliens, including Benzen, hope to find freedom on a different planet. They end up crashing onto a strange planet, a strange culture, and even stranger inhabitants. They expected to learn some new things. However, one didn't expect to find love. The Orba warriors are on the run from their people, now that their once peace-loving planet has been taken over by a hostile dictator, Palzu. They find out that they ended up on Earth and meet a young woman named Allison who takes them under her wing. When Palzu's soldiers come after them, the group splits up and Benzen stays behind to protect Allison. But then he starts to develop feelings for her. What will happen when he's forced to show her what he truly is? Will she accept him or fear him? And will they be able to escape Palzu's forces? Benzen is the first book in the Warriors of Orba series, following the Orba warriors and the human women that love them. Each book in this page-turning science fiction series can be read as standalones, there are NO cliffhangers, and a GUARANTEED happily ever after!

Customer Reviews

This is this author's first book in the sci-fi romance category, she writes under a different pen name

for her contemporary romances. I have to admit that at the beginning of the story it's a little slow because from the cover I expected a really buff guy and it says warriors of Orba so with the word warrior I'm thinking this guy is an alpha. This is also different in that the crew of the ship that crashes on earth cannot repair the damage to their ship so they are stranded on earth and have to learn how to survive. There are a lot of funny moments while they try to fit in and learn to survive on earth which most of the sci-fi romances usually have an earthling taken away to an alien planet and have to learn their culture. I noticed in other reviews that quite a few people gave up on the book when it was 30% into the book, but if they would have read just a little further the book does pick up pace though to be honest I'm glad that I only paid 99 cents because if I would have paid \$2.99 I might have been a little disappointed. But what kept me reading was how the Orban's had to learn to fit into our world. They had much more advanced technology on their planet so earth was very confusing to them as they didn't have clothes or even money. Allison is a checker at a grocery store and she feels sorry for them as she thinks they are homeless and from a foreign country and she is drawn into helping them. Her father is the manager of an apartment complex and has a vacant apartment that the previous tenants had left a total mess and he can't rent it out till it has been cleaned up and lets them stay there free till he has time to clean it up.
