## Customer Reviews

Great read about what arguably could be the most compelling 20 years in the history of the game....Tiger, advances in technology and course design, great players. Loved it....especially discovering the very interesting story behind how Golf Channel got started.

Wonderful book about golf for both the player and the spectator. It is well organized and written plus filled with photographs. I bought two, one for me and one for my brother-in-law who is an avid golfer. A great gift idea as well as an informative reference book for one's library.

"The Golf Book" is top shelf. It is chocked full of all things golf including some of the more stunning pictures I have seen on the subject. It makes for a great coffee table book as well as an entertaining read. I bought the book originally as a Christmas gift and will purchase another for myself.

My mom requested this item for Christmas. I was happy to learn I could get it through ! Arrived earlier than first projected too. Mom loves it. Often catch her perusing the pages. I'm not a golf fan, but if you are this book will make you very happy.

I bought this book for my husband for Christmas. It was a huge hit as he had been looking for it and everywhere he looked, it was out of stock. When he opened the box and saw that it was this book, he was really excited and asked where I had gotten it from. I told him as I had placed myself on a backorder list and they filled the order when they received more copies. Can't tell you much about the contents of the book as I am not a golfer. But what I can tell you, is that the book is very nicely made, nice pictures, good quality heavy weight paper.

This was a gift for my father who is an avid golfer. I had the opportunity to look through it, of course there are fantastic photos but the history provided is perhaps better. A must get for someone who loves that game.

Such a wonderful book to remember some of the best players ever. I have not read it all but what I have read has been fantastic. I highly recommend it for anyone that plays golf or like myself who has never played but love watching it.

This was a gift for my husband. He couldn't put it down, he was so impressed...Martha Few
