Battletech Wars Of Reaving (Battletech Sourcebooks)

Synopsis

As the Word of Blake unleashed their Jihad, one enemy of the Inner Sphere remained in the shadows, riven by internal strife and dissent. As political and military alliances among the children of Nicholas Kerensky are broken and forged, the Clans turn inward as one Clann unleashes the unthinkable upon the rest. A war that reaches deep into the bloodlines of each; none are untouched. Those who survive will not speak of it. A war of Reaving. The Clans will never be the same. Wars of Reaving details the long-sought happenings of the Clans after the results of the Great Refusal through the end of the Jihad, compiled from detailed reports culled from each of the Clans and others. Included within are personalities, equipment, units, and factions that all had a hand in the upheaval that enveloped the Homeworlds, changing them forever.

Book Information

Series: Battletech Sourcebooks

Paperback: 255 pages

Publisher: Catalyst Game Labs (August 31, 2011)

Language: English

ISBN-10: 1934857858

ISBN-13: 978-1934857854

Product Dimensions: 8.4 x 0.5 x 10.8 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (7 customer reviews)

Best Sellers Rank: #1,152,997 in Books (See Top 100 in Books) #67 in [Books > Science Fiction & Fantasy > Gaming > Battletech](#) #82641 in [Books > Teens](#)

Customer Reviews

I bought an advance copy of this book at Gen Con 2011, and absolutely loved it. If you want a BattleTech book with a lot of conflict in it -- or if you ever had any morbid fascination over what exactly happened to cause the Inner Sphere Clans to lose contact with the Clan Homeworlds -- then this is the book for you. The first thing you will notice is this is a very beefy tome; it's one of the largest BattleTech paperbacks ever printed. The book begins with a quick recap of some of the preceding events -- to help with context -- and the whole thing just ramps up from there. Each chapter covers a year of the main "Wars of Reaving" story (circa 3070-3075), and the "Founder's Future" chapter fills in the gaps of what happens to the surviving Clans between the years 3075-3085, in addition to featuring character bios of major characters (Check out Raina Montose's

bio for a serious "whoa" moment). There is also a section on new tech and new 'Mechs (ever wondered what the REAL name of the mysterious "Pariah" from Tech Readout 3075 is?), a section of how to create and run a Wars of Reaving-era campaign (complete with accurate Homeworlds planetary data and political balance tables), some maps of the Homeworlds (both pre- and post-Reaving), and the obligatory Clan glossary. Also, for those thinking this is strictly a Homeworlds-Clan-only book, take heart: the Inner Sphere Clans do have a good deal of screen time, and a few mysteries -- such as the eventual fate of the Jade Falcon and Wolf Khans -- are solved. However, both Clan Nova Cat and Clan Wolf-in-Exile are not dealt with in this book, which makes sense since the other Clans erased their existence from Clan records and do not acknowledge them as true Clans in this era.
