# 44 Secrets For Passing A Soccer Tryout

## Synopsis

How to Pass Your Soccer Tryout & Make it Into the Team, Today One of the worst mistakes you can do when it comes to trying out for a club is to pick a club where you would never be able to play in. Even if you make it through the tryout and actually get a place in the squad you would never be able to compete with the other players because they are just too skilled. In this book I will explain how to avoid this trap and actually tryout out for a club where you have a chance to compete with the starting elevens. How to Demand the Ball in the Right Situations? Running around and demanding to have the ball during your tryout is not how you make it into the team because you need to demand it in the right situations. By constantly demand it even when you are marked by two opponents at your back you will just show your less skillful sides as you will have hard to do something useful with the ball. In this book I will show you how to avoid this behavior completely, only demanding the ball when you can actually do something useful with it which will show your best sides and help you avoid the less skillful ones. How to Act Like a Professional During The Tryout? There are few things you must follow that will either make or break your tryout and these are the fundamental aspects of behaving like a professional. Failing with following any of these fundamental aspects can heavily reduces your chance of passing the tryout and making it into the team. I will reveal each of these in my book and explain how you can use them on the right way as well in order to succeed with your tryout. How to Spy on Your Future Mates With Success? You can win a lot by learning how to spy on your future teammates by following a simple formula that I have been using for long time. It's actually nothing advanced and you can do it with ease, you just need to know how to actually utilize it on the right way and get the most out of it. I will explain step by step what you need to do in order to fulfill this and what you must avoid doing in order to succeed with it. Do You Want To Pass Your Tryout Today? Discover the secrets of passing your tryout and make it into the team! Simply scroll to the top of this page and click on the "Buy Now With 1-Click" button!

## Customer Reviews

This is the 5th book I've purchased of Mirsad's and each of them are easy to read and full of valuable information. This one gives great information for any player that may be going for a tryout (club or school). As a coach, I can tell you that most of things he writes about are things that I instinctively look for in players when they are trying out for my team. As a parent, they are things that my son needs to know when he's going through the tryout process. Well worth the price!

I like the book because it emphasizes the points in a list format. My two 11 year old twins can borrow it from me on Kindle for two weeks and read it. It's easier to discuss it with them point by point.

I am and have used these techniques for my 11 year old daughter and 15 year old son and they have paid off already for my son who is playing on his highly competitive school team. I am currently working with my daughter to make one the elite local teams. While not all the techniques apply to youth programs, the ones that do and that I have used have been very helpful.

I have a U10 boys and U14 Girls rec team and I use it with both teams. My girls are getting ready to tryout for high school and the boys will be trying out for select/academy next year so it has been a tremendous help to getting them prepared. I especially like the step by step focus points and things I would have not thought of like, sending a video. Thanks Mirsad

Some decent suggestions, but none of them are "secrets" that will guarantee you pass the tryout.

They are tips. Not many of them are original.

An uplifting piece of work, have given it four stars as I reckon the best is yet to come from this magnificent author on the subject of soccer.

great book with all the tricks and help to really help a player do great in a tryout. Plus a good resource for coaches for what to look for
