## Customer Reviews

There are good pictures and good descriptions of various aspects of soccer skills and the game. The age range for this book is probably more like age 8 - 18. I am coaching 6 year olds right now and the drills and discussions in this book don't really apply to the level of soccer these kids can comprehend. Otherwise it is a good reference and will come in handy as my kids get older.

In seeking out aides to learning to become a successful soccer coach for my kids, this book has

proven to be far and away the best resource I've found to date.

This was purchased as a gift. Therefore, we are unable to give any direct comment on the book.
