## Customer Reviews

Graphic thrills, wordplay and cosmic philosophy. This book is packed with the author's history of discovery of calligraphic possibilities, an reflections on similar structural themes. If you like Escher, you will enjoy Langdon.

Want to stretch your imagination? Get *Wordplay* and you'll never look at words the same again! John Langdon's intriguing ability with ambigrams will astound you. I find myself picking up my copy time and time again. *Wordplay* is a great conversation piece... worthy of a place of honor on any coffee table.

Were you amazed by the sketches and diagrams by Scott Kim and Hofstadter in "Godel Escher Bach" ? If yes, this book will amaze you even further. And the "reflections" are no less philosophical!
