Customer Reviews

This book is not for a beginner. As a former twirler and presently a twirling coach, the instructions on the twirling techniques are confusing. I also was not impressed with the illustrations. In my opinion, I don't believe one can become the finest baton twirler and lead the parade by using this book as the back cover states. I am very disappointed with this purchase.

I found this book to be very basic in explaining the twirling techniques and the illustrations are very hard to see as in faint and small. So not very helpful for my personal requirements. The suggested

website for free videos does not exist you are taken to a godaddy.com page! which says it is a parked domain? Disappointed with this book

Useful book with easy to follow diagrams. Made the mistake of purchasing it on Kindle but it would have been much better as a proper book. There are loads of moves included and it shows you how to do each one stage by stage. Useful for someone just starting baton twirling.

I bought the book for one of my students in the classroom to use it as a reference for her informational research project.
